In each chart, insert one of the potential prompts that we brainstormed as a group, or one that your group brainstormed. Under each country’s name, write some basic information about the prompt. Then, use all three cases to point out similarities and differences across the cases. A box of resources is in the front of the room if you need more information. More prompts are on the reverse; try to do 3-4 and we’ll discuss them all as a group.
